STAFF DEPARTURES:

There have been five (5) employee resignations/terminations as of 4/19/21: one Major, three Correctional Officers and one Counselor.
CENTRAL FALLS DETENTION FACILITY CORPORATION

BOARD OF DIRECTORS MEETING MINUTES

GENERAL OPERATIONS:

ICE Audit conducted on April 6-8, 2021 by the Nakamoto Group. This was an excellent audit with one only one minor area of concern which was corrected on site.

Overall COVID Update

Detainee COVID updates:

- Total Cases: 433 (Since the beginning of the Pandemic in 2020.)
- Cleared: 433
- Active Cases: 0

All Staff are being tested for COVID each week, Detainees are being tested on an as needed basis.

Continuing to provide to Detainees at no cost:

- Free Soap & Masks
- 1 free phone call per day
- 2 free video visits (15 minutes each) per week
- 3 free envelopes as requested

123 Staff received the first and second dose of the Vaccine, 22 Vendors have as well.

Working with Rhode Island Department of Health for distribution of COVID Vaccine for both Staff and Detainees. 132 Detainees have been vaccinated.

Updated on JurisLink – This Program has started and has been received very well. Working on more Units to come online.

The Facility is in the final phase of the Offender Management System upgrade, this will facilitate better communication between all departments.

The Professional Standards department has done an excellent job in mitigating contraband introduction by Detainees especially through the Legal Mail System.

Stationary Fitness Equipment are being placed in each recreation yard for the Detainees.

Tablet Program is going very well. We are working on a one to one ratio (rather than the current two to one ratio). The free side has been increased to two hours per day which includes some games, books etc. We have also allowed the detainees to use the tablet for music or games at night. There are no calls, video visits or texting at night.

The new x-ray scanner (body scanner) in R&D is up and running and 15 employees have been certified and trained on how to operate it.

We have installed a new fiber internet line that is totally dedicated to the Wyatt through Cox cable.
An additional ice machine was installed in the kitchen as well as a new dish washer.

We have installed a new telephone system throughout the facility and the training building.

**COST SAVINGS**

Working on switching laundry washing over to cold water versus hot water using a concentrated detergent specifically for cold water. This will be a cost savings to reduce the consumption of gas and less wear and tear on the hot water heater.

We have completed the installation of a new energy efficient dishwasher in the kitchen that will use less hot water, it was the original dishwasher. This was done through the accrual system with Aramark. A certain amount of money we pay them each month is set aside for large equipment purchases which it does not come out of our budget.

Warden Martin asked if there were any questions on the report. Chairman Lombardi asked if there were any questions and there were none. Chairman Lombardi thanked the Warden and staff on a job well done with the Audit.

**Report of the Director of Finance – Financial reports of the Corporation and Facility for the period ending February 28, 2021 and March 31, 2021.**

Mr. Vuono presented the February and March 2021 financials. Mr. Vuono stated the Average Daily Population has been steadily improving, February average hit 563 and March average was 579. The Revenue was also up in March at approximately $2.2MM which is the highest it’s been since last year. Looking at expenses, they are up some and that’s to be expected with the overtime cost due to all the audits. We had a modest Operating income for the month of March which was around $9,000. Again this is the highest it’s been in a year. The cash balances are still pretty healthy. Mr. Vuono asked if there were any questions and there were none.

**New Business**

**Discussion, vote or other action on the 2021 draft Budget for the Corporation**

Chairman Lombardi reported that a consultant was hired last month to look at a few different things such as cost models. He asked to continue the discussion until next month where everyone will have a chance to look at the budget closely and see if there are any questions and then revise the budget if we need to, so we can pass it at some point. Chairman Lombardi asked if there were any questions. Mr. Vuono stated he would recirculate the proposed budget to the Board members. Director Fonseca asked if it was possible to compare 2021, 2020 & 2019 actual numbers. Mr. Vuono stated he would send this out.

Director Fonseca asked if we were working with any of the education programs like College Unbound, Books to prison projects. Warden Martin stated we are not involved with those
programs but we are involved with some remote learning. We are looking at the tablets to expand the education program. Attorney Wash stated that one of the challenges to these programs is that the Detainees are not housed here long enough to be admitted into some of these programs, the average stay is 90-100 days. Warden Martin stated as a reminder that we do still have the request out for the PPE reimbursement of just a little over $800,000 and are still waiting to hear back on. Chairman Lombardi asked if there were any other questions and there were none.

Chairman Lombardi asked for a motion to adjourn the meeting. Director Berdugo made the motion to adjourn and Director Yip seconded the motion. All Board members voted in the affirmative and the motion passed. The meeting adjourned at 6:00 pm.
