BARRINGTON ==> MASSASOIT AVE.

Creation Date
7/13/2020

Disposition
Action Taken

Item Number
41931

Request from Representative Knight for a speed and pedestrian safety study at the intersection of Massasoit Avenue and New Meadow Road in Barrington.

Comments:

Action Taken: Sean Raymond said the consultant VHB studied this intersection. Sean said New Meadow Road is a 2 lane road and the posted speed limit is 25 mph and the speed limit north of the intersection is 20 mph. Massasoit Avenue is also a 2 lane road and the posted speed limit is 25 mph and there is an existing crosswalk on Massasoit Avenue. Marcy Coleman asked if there is a traffic signal at this intersection and Sean said no, but Massasoit Avenue has a stop control. It was approved to enhance signage such as crosswalk ahead warning signs, in road pedestrian signage and improve striping.

CUMBERLAND ==> BROAD ST.

Creation Date
3/26/2020

Disposition
Approved

Item Number
41914

Request from Senator Pearson to install a crosswalk at the intersection of Broad Street (Route 122) and Factory Street in Cumberland.

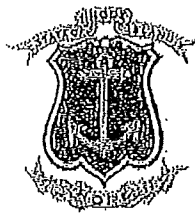

Comments: Sean Raymond said Broad Street both northbound and southbound has two 11' lanes. Sean said there were 12 crashes with 8 angle crashes over a 3 year period. The posted speed limit on Broad Street is 25 mph and the 85th percentile is 36 mph northbound and 32 mph southbound. Sean said pedestrian counts were taken on May 14, 2020 from 7:00am-7:00pm and 20 pedestrians crossed at this intersection. Sean also said school was not in session when the ped counts were done and ped counts would probably increase when school is in session. It was approved to install a crosswalk at the intersection of Broad Street (Rte. 122) and Factory Street.

EAST PROVIDENCE ==> NEWMAN AVE. R.I. 152

Creation Date
12/2/2019

Disposition
Approved

Item Number
41875

Request from Senator Conley to install a crosswalk across Newman Avenue (Rt 152) at Pleasant Street/Bishop Avenue in East Providence.

Comments: Francisco Lovera from McMahon Associates spoke on behalf of this request. Mr. Lovera said Newman Avenue is a 1 lane road in each direction with approximately 10,000 vehicles traveling this road per day. Mr. Lovera said the posted speed limit on Newman Avenue is 30 mph and the 85th percentile is 37 mph eastbound and 39 mph westbound. Schools were open when the counts were taken in this area and the highest peak was from 5:00pm-6:00pm with 10 pedestrians crossing Newman Avenue. Crash analysis showed 4 crashes in this area with 3 damage only; there were no pedestrians and bicyclists crashes. Steve Pristawa ask how many pedestrians crossed all day and Mr. Lovera said the count was in the single digits, however, due to the proximity to the school and assuming there would be additional people crossing when school is in session it was approved to install a crosswalk across Newman Avenue at Pleasant Street/Bishop Street and add additional enhanced signage such as advance warning sign for the crosswalk and install pavement markings.

Disposition
Action Taken

Item Number
41940

Request from RIDOT on behalf of a citizen to conduct a safety evaluation along Walcott Avenue in Jamestown to include, but not be limited to, speed reduction measures and a potential 4-way stop.

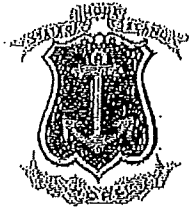

Comments:

Action Taken: Skye Levin from VHB spoke on behalf of this request. Ms. Levin said VHB performed a study on Walcott Avenue. The study consisted of field work, speed studies and a potential all way stop at Walcott Avenue and High Street and Walcott Avenue and Hamilton Avenue. Ms. Levin said there was 1 injury crash over 5 years, which Sean Raymond said was a roadway departure crash. Volumes on High Street was 147 vehicles and 162 on Hamilton Avenue, in which VHB said does not meet warrants for an all way stop. VHB proposed putting in pavement markings, narrowing Walcott Avenue and widen the shoulders for bike lanes on Walcott Avenue. Sean Raymond asked regarding the limits of the bike lanes, and if the bike lanes were all on Walcott Avenue and Skye Levin said the bike lanes would be on the south side of High Street. Marcy Coleman asked if the changes being made are based on the residents concerns and Skye Levin said yes. Ms. Levin said VHB will revisit this location if issues continue. The proposed actions were taken: denied an all way stop, approved to narrow the lanes on Walcott Avenue at High Street, approved installing supplemental signage for the curve and install in road pavement markings.

Disposition
Approved

Item Number
41880

Request from Senator Thomas Paolino to install a green left turn arrow on Front Street eastbound at the signalized intersection with River Road (Route 126) in Lincoln.

Comments: Francisco Lovera from McMahon Associates spoke on behalf of this request. Mr. Lovera said the traffic signal at this intersection has 3 phases. Mr. Lovera said there were 19 crashes over a 3 year period. Speed limits on Front Street, for eastbound and westbound are 32 and 36 mph and speed limits on River Road for northbound and southbound are 36 and 37 mph. Mr. Lovera said a left turn phase did not meet the volumes with the current conditions. Sean Raymond said there is a Church and an Elementary School in this vicinity and recommended a protective permissive signal for safety enhancements to this intersection. It was approved to install a protective permissive signal at this intersection.

Item Number
41926

Request from the Warwick Police Department for the installation of a crosswalk on West Shore Road in the vicinity of Archdale Drive in Warwick.

Comments: Francisco Lovera from McMahon Associates spoke on behalf of this request. Mr. Lovera said they looked at the existing conditions and performed traffic and speed counts. During Covid, counts were lower. Average vehicles travelling West Shore Road per day was 18,000 vehicles. The speed limit on West Shore Road is 35 mph and the 85th percentile was 41 mph eastbound and 39 mph westbound. Pedestrian counts were taken in a 12 hour period and showed 46 pedestrians crossing at current times and Mr. Lovera estimated approximately 60 pedestrians crossing in a 12 hour period after Covid times. Mr. Lovera said there were 4 crashes over a 3 year period; no pedestrians and bicyclists were involved. He said there is also a RIPTA bus stop in this area. It was approved to install a crosswalk with high visibility signs.

| 10/1/2020 | Approved | 41947 |

Request from the Jamestown Chief of Police to install crosswalks on East Shore Road at Freebody Drive and East Shore Road at Eldred Avenue.

Comments: Chief Mello from the Jamestown Police spoke on behalf of the request. Chief Mello said he is requesting 3 crosswalks on East Shore Road. Amy Archer of Pare Corporation also spoke on behalf of this request. Ms. Archer said the 1st crosswalk should be installed near the parking lot on Eldred Avenue towards the bike path. She said sight distance to the west is good. Ms. Archer said a 2nd crosswalk should be installed on Freebody Drive south on East Shore Road, which has good sight distance to the south. The 85th percentile is 40 mph. Steve Pristawa said the speeds are concerning and asked regarding installing Rapid Flashing Rectangular's (RFBs) at all 3 crosswalks and Amy Archer said she has not yet proposed RFBs, due to the good sight distance. It was approved to install crosswalks on East Shore Road at Freebody Drive and East Shore Road at Eldred Avenue. It was also approved to install additional advance signage, striping with warnings of these new crosswalks. Steve Pristawa requested Pare Corporation to look in and verify whether or not additional enhancements would be necessary at these new crosswalks, and if so, Pare will come back to the STC with their recommendations.
