1. Call to Order

2. Roll Call

3. Consent Items

- Approval of minutes from the February 22, 2022, Rec. Com. Meeting
- Recreation Director's Report

4. Unfinished Business

New Membership

- Nominations for the remaining two open positions on The Glocester Recreation Commission (Discussion & Action)
- Have we received any names of candidates? Should we see who might be on the town's list of potential candidates? (Discussion and action)
- Is the providing of potential candidates from the Town on hold because of the pending changes to the Code of Ordinance for the Rec Comm?

Budget Requests

- Should the Rec Comm submit a budget request to the Town Council for some money to set aside for the next ski trip? It would be very helpful to get the money for the bus company in place in advance.
- Should the Rec Comm request any money from the Town as for use for "Glocester Rec Comm Special Events" vs specifically for a ski trip?
- Should any request made for money be to the Budget Board vs. The Town Council?

Big Truck Day

- Do we still want to shoot for April 30 as the day to have the event even if it conflicts with Glocester Little League (GLL) opening day festivities?
- Is sharing the day with GLL a positive vs a negative?
- Do we want to rent a themed jumpy house to coincide with Big Truck Day?
- Who can we approach to provide the vehicles?
- Does anyone have any possible providers of big vehicles for the day outside of the town's fire, DPW and police departments?

- Can Bob provide a list of vendors to the Rec Comm to initiate contact with them to start the process of booking them. Can he also provide a flyer from previous Big Truck events so we can see what time it has been run in the past and how it has been advertised?

Code of Ordinance

- Rec Comm needs to determine if there is an actual listing of all the town properties such as fields, courts, beaches, etc. that fall under the purview of the Rec Comm. This info could be incorporated into the Ordinance.
- What's in the DPW "playbook" as far as ongoing facilities maintenance goes? Does a playbook even exist? Does Jean Fecteau know of one?
- Maybe the Rec Comm and Rec Dept could work on establishing such a playbook for the DPW, as this would allow the Rec Comm members to go out and inspect the areas and determine that the necessary maintenance is being done according to an agreed upon schedule? This would make The Code of Ordinance more relevant to what the Rec Comm has been tasked to do.
- Has there been any additional feedback from the TC, Jean Fecteau or anyone else from the Town?
